At Intempo Digital we are committed to bringing you affordable, cutting-edge technologies that enhance your lifestyle and compliment your living and working spaces. Our philosophy is simple - to develop products that make life easier, richer and a little bit more fun! And by fusing technology with style and design, we ensure that our products look great, wherever you use them...

The Intempo PG-01 will revolutionise your radio listening experience. By incorporating cutting edge DAB digital technology it receives a diverse range of digital stations, many unique to DAB.

And you can forget about the crackle and hiss associated with analogue radio reception; with DAB radio you will receive all stations in perfect, crystal-clear digital quality.

And those of you who never change channel on your FM radio for fear of losing your favourite station need worry no more - **Your** PG-01 will automatically detect and store all available stations - meaning that you can access them at the touch of a button.
